Ice Systems

ICE
IS
US

It's our passion

ICE IS US

Ice is our only passion.
It is at the heart
of **everything we do.**

Welcome to Scotsman

The industry's only complete
solution for highly efficient,
superior-performing ice
systems.

Worldwide footprint

Manufacturing facilities strategically located in the USA, Italy and China to better serve our markets.

Italy

China

Unmatched Market Coverage

We have the largest network
in the world, distributing
products in over
100 countries and serving
over a million customers.

Gourmet

Crystal clear, pure, hard and long-lasting ice cubes.
Ideal for up-scale operations such as hotels, fine dining, specialty coffee and high-end bars.
Its fast cooling action and slow dilution keep drinks chilled for a long time.

Agion: the technology that makes products cleaner and longer lasting with built-in protection working 24/7 to resist the growth of microbes and the development of unpleasant odours.

Clean alert: advises with a blink when it's time to clean the filter.

Front access condenser air filter: a do-it-yourself cleaning operation that saves time and money and makes your ice maker live longer.

Individual transparent solid cube: each single cube is an artwork: crystal clear and perfectly shaped, faithful to the Scotsman tradition.

Scale accumulation preventing system: traps ice makers' enemy No. 1 in one place and makes it harmless.

Ergonomic access to ice with sliding disappearing door: one-touch door lift, makes barman's life significantly easier.

PWD - Progressive Water Discharge: pumps excess residual water up to a distance of 15 meters.

Built-in storage bin: allows most under counter installations for easier fit-in solutions.

Maximum productions shown are calculated at 10° C ambient /10° C water temperature conditions.

Global standard footprint: strictly follows international imperial standards commonly adopted in the industry of reference.

One touch cleaning: reduces labour costs while saving time and simplifies cleaning process.

Front evaporator access: immediate access to the evaporating plate for quick self-maintenance operations.

Stackable: add flexibility! (only 30" models).

Condenser air filter: removable for easy maintenance.

Top exhaust airflow: exit of hot air from the top, no free space required on sides (only 22" NW308).

Head only ice maker: requires a separate storage bin to collect the ice produced*.

Maximum productions shown are calculated at 10° C ambient /10° C water temperature conditions.

DXN series

Agion: the technology that makes products cleaner and longer lasting with built-in protection working 24/7 to resist the growth of microbes and the development of unpleasant odours.

Appealing design: it can be smartly positioned in any situation, from luxury lounges to unconventional traditional pubs, allowing customers to cool their drinks to their own taste, without any hygiene hazards.

Display: appealing frontal all-black touch screen display. Touch-activated or touch-free version.

Footprint: large flow of ice in a small footprint.

Simple serviceability: extractable washable drip tray and anti-clog drain filter.

Maximum productions shown are calculated at 10 °C ambient /10 °C water temperature conditions.
